Employment

University of Texas at Dallas Richardson, TX
Charles and Nancy Davidson Distinguished Chair
and Professor in Operations Management (September 2026 -)

Georgia Institute of Technology Atlanta, GA
James C. Edenfield Chair and Professor (August 2022 – August 2026)
H. Milton Stewart School of Industrial and Systems Engineering

University of Illinois at Urbana-Champaign Urbana, IL
Professor (August 2015 - July 2022)
Associate Professor (August 2011 – August 2015)
Assistant Professor (July 2004 – August 2011)
Department of Industrial and Enterprise Systems Engineering, July 2006 –
Department of Mechanical and Industrial Engineering, July 2004 – June 2006

Education

Massachusetts Institute of Technology Cambridge, MA
Postdoctoral associate (July 2003 – June 2004)
PhD in Operations Research (September 1999 –June 2003)

University of Washington Seattle, WA
Department of Mathematics (September 1998 – August 1999), *Master student*

Chinese Academy of Sciences Beijing, China
Institute of Scientific/Engineering Computation and Computational Mathematics
(September 1995 – August 1998), *Master of Science*

Xiangtan University Xiangtan, China
Department of Mathematics (September 1991 – August 1995), *Bachelor of Science*

Awards

Informs Manufacturing & Service Operations Management Society best AE in *Operations Research* (2024)
Best Practice Paper Award of the Seventeenth International Annual Conference of Chinese Scholars Association on Management Science and Engineering (2024): Third Place
University of Illinois CoE Engineering Council Outstanding Advisor Award (2021)
Informs Manufacturing & Service Operations Management Society best operations management paper published in *Operations Research* (2021): Finalist
List of Teachers Ranked as Excellent by their Students (Spring 2015, Spring 2017, Spring 2018, Spring 2019)
Best Paper Award of the Twelfth International Annual Conference of Chinese

Scholars Association on Management Science and Engineering (2019): Third Place
Abel Bliss Faculty Scholar (2015-)
Best Paper Award of the Seventh International Annual Conference of Chinese Scholars Association on Management Science and Engineering (2014): First Place
Jerry S. Dobrovolny Faculty Scholar (2014-)
Informs Revenue Management and Pricing Section Prize (2009)
Informs Junior Faculty Paper Competition (2008): Finalist
Informs George Nicholson Student Paper Competition (2002): Honorable Mention
Informs MSOM Student Paper Competition (2002): Second Place
Informs Revenue Management and Pricing Section Student paper competition honorable mention for my student Zikun Ye (2020)
CMU YinzOR Student Conference poster competition third place for my student Menglong Li (2019)

Research Interests

Revenue Management and Pricing, Inventory and Supply Chain Management
Optimization, Machine Learning, Data Analytics
Operations Research, Operations Management

Teaching Experience

Georgia Institute of Technology Atlanta, GA
ISyE8803 Optimization and Learning in Operations (Spring 2025)
ISyE7205 Inventory Theory (Fall 2023)
ISyE6634 Stochastic OR for Supply Chain Engineering (Fall 2023, 2024, 2025)
ISYE8803 Pricing and Revenue Management (Spring 2023)

University of Illinois Urbana, IL
Lecturer: Introduction to Operations Research (Fall 2004, 2005)
Optimization of Large Scale Linear Systems (Spring 2005-2012, Fall 2014-2021)
Introduction to Supply Chain Management (Fall 2006-2009, 2011)
Engineering Economy (Fall 2010)
Logistics and Supply Chain Management (Fall 2013, Spring 2019)
Dynamic Pricing and Revenue Management (Spring 2015, 2017, 2020)
Dynamic Programming (Spring 2016, 2018)
Convex Optimization (Spring 2021, Summer 2021)

MIT Cambridge, MA
Lecturer: Logistics and Distribution Systems (Fall 2003).
Teaching Assistant: Logistics and Supply Chain Management (Fall 2002).

Funding

Research collaboration on "Optimization and Learning in Operations" supported by University of Chicago, $50,000**,** PI: X. Chen, 1/2025-5/2025

Fengyi Gift Fund: **Smart Shelves Operations**, $250,000, PI: X. Chen, 8/2022-7/2024.

USDA-NIFA/NSF AI Institute for Next Generation Food Systems, $250,000, 09/2020-08/2025.

Fengyi Gift Fund: **Smart Shelves Operations**, $100,000, PI: X. Chen, 1/2022-12/2022.

UIUC Smart Transportation Infrastructure Initiative: **Modeling and Testing Autonomous and Shared Multimodal Mobility Services for Low-Density Rural Areas,** $50,000, PI: X. Chen, Co-PI: Y. Ouyang, 03/2021-06/2022.

ZJU-UIUC Joint Research Center on Advanced Manufacturing, $75,000, 09/2020-08/2025.

Kwai Inc Gift Fund**: Algorithm and experiment design for recommendation and advertising systems,** $50,000, PI: X. Chen, 08/2021-07/2022.

Kwai Inc Gift Fund: **Algorithm and experiment design for recommendation and advertising systems,** $38,200, PI: X. Chen, 01/2020-08/2020.

UIUC ISE Internal Proposal: **Towards Robust and Fair Artificial Intelligence From an Operations Research Perspective**, $45,000, PI: X. Chen, Co-PI: R. Etesami, N. He and R. Sun, 07/2019-06/2021.

ZJU-UIUC Institute Research Program: **Data-Driven Perishable Inventory Management,** $75,000, PI: X. Chen, 06/2018-05/2020.

JD.com Gift Fund, **Omni-Channel Inventory Management**, $70,000, PI: X. Chen, 03/2018-03/2019.

S.F. Express Gift Fund: **Smart Shelves Operations,** $50,000, PI: X. Chen, 04/2018-12/2018.

Didi Research Award, $14,731, PI: X. Chen, 01/2018-06/2018.

National Science Foundation: **Matching Supply and Demand through Dual Sourcing,** $330,654 (CMMI-1635160), PI: L. Xin, X. Chen, 08/2016-07/2019.

UIUC ICR: $200,000, 08/2015-.

National Science Foundation: **Cost/Value Allocations in Supply Chain Operations,** $300,000 (CMMI- 1538451), PI: X. Chen, Co-PI: Q. Wang, 08/2015-07/2018.

National Science Foundation: **Pricing Analytics: Modeling, Theory and Algorithms,** $300,000 (CMMI-1363261), PI: X. Chen, 05/2014-05/2017.

ABInv: **Forecast Models for Annual Beer Consumption for ABInbev**, $144,804, PI: U. Palekar and X. Shao, Co-PI: R. Echamabadi and X. Chen,

05/2014-09/2015.

National Science Foundation of China: **Inventory and Pricing Strategies for Perishable Products in the New Era**, ¥200,000, PI: X. Chen, Co-PI: Y. Xiao of Tsinghua University, 01/2013-12/2014.

National Science Foundation: **Tractable Approximation of Dynamic Decision Models under Uncertainty**, $150,000 (CMMI-1030923), PI: X. Chen, 07/2010-06/2014.

National Science Foundation: **Coordinated Pricing and Inventory Management**, $288,694 (CMMI-0926845 ARRA), PI: X. Chen, 07/2009-06/2012.

National Science Foundation: "Collaborative Proposal: **Optimization Approach to Collaborative Games in Supply Chain Management**", $225,526 (CMMI-0653909), PI: X. Chen, 08/2007-07/2011.

UIUC Research Board: **Risk Aversion in Inventory Management**, $17,460, PI: X. Chen, 08/2005-05/2006.

Books

D. Simchi-Levi, X. Chen and Bramel, J. **The Logic of Logistics: Theory, Algorithms, and Applications for Logistics Management** (Second Edition, 2005), Springer-Verlag, Boston.

D. Simchi-Levi, X. Chen and Bramel, J. **The Logic of Logistics: Theory, Algorithms, and Applications for Logistics Management** (Third Edition, 2014), Springer-Verlag, Boston.

Invited Talk

2003: Northwestern University, University of North Carolina, Duke University, University of Michigan, Columbia University, Cornell University, NYU

2004: NUS, UBC, Rutgers, USC, MIT, UIUC M&IE, UIUC GE

2005: Washington University mini conference on Risk Management in Supply Chain, NYU

2006: MacMaster University, University of Chicago, North Carolina State University, University of North Carolina, Duke University, Taiwan Annual Mathematic Conference, HKUST, Chinese University of Hong Kong, Chinese Academy of Sciences,

2007: NUS, Chinese Academy of Sciences, Shanghai Jiaotong University (tutorials on joint inventory and pricing models, and collaborative inventory centralization games), UBC

2008: Columbia University, University of Texas at Austin, Chinese University of Hong Kong

2009: Nanjing University and Hohai University, Fudan University, the University of Texas at Dallas, the City University of Hong Kong, Wuhan University, Huazhong University of Science and Technology, the International Forum on Management Science and Operations Research in Jinan, Washington University at St. Louis, Purdue University

2010: Northwestern University, University of Michigan, Minnesota University, Ohio State University, National University of Singapore, Nanyang Technological University, Singapore Management University

2011: Hong Kong University, Chinese University of Hong Kong, the John Hopkins University, Chinese Academy of Sciences, the International Forum on Management Science and Operations Research in Xiamen, Hohai University, UIUC ISE

2012: Chinese University of Hong Kong, Wuhan University, Huazhong University of Science and Technology, Xiangtan University, Hunan University, Mostly OM workshop at Tsinghua University, Nanjing University and Hohai University, Nanjing Normal University, Southeastern University, Chinese Academy of Sciences, MIT, UBC

2013: South China University of Technology (May 16-17), Zhongshan University (May 16), Mostly OM workshop at Tsinghua University (May 30), Fudan University (June 13), Zhejiang University (June 14), Hohai University (June 20), Fudan University (December 23), Hunan (May 27), South China University of Technology (May 28)

2014: Chinese University of Hong Kong (January 10), Hong Kong Polytechnic

University (January 15), Jinan University (June 6), Changsha University of Science and Technology (June 11), Tsinghua University (June 16, June 17, June 18), plenary talk at the Process Systems Engineering Annual Conference of China (August 21), Northeastern University of China (August 20,), Purdue University (October 17)
2015: University of Michigan (February 5), Texas A&M University (May 11), Anheuser-Busch Inbev Research Lab (May 12), Southeastern University (June 4), Jinan University (June 9), Beijing Institute of Technology (June 11), Mostly OM workshop at Tsinghua University (June 12), keynote speaker at the Service and Operations Management Annual Conference of the Operations Research Society of China (July 1), Walmart Labs (October 14), South China University of Technology (December 16), Central South University (December 18), Hunan University (December 21)
2016: UIUC CS Theory Seminar (April 18), Shenzhen University (June 28), Shenzhen Middle School (June 28), South China University of Technology (June 29), Hunan University (July 1), Nanjing University (July 8), Georgia Tech (October 13), UIUC Actuarial Science Seminar (November 1), Peking University (December 21), Chinese Academy of Sciences (December 21)
2017: South China University of Technology Workshop on Sharing Economy (January 5), University of Chicago (February 14), University of Miami Workshop on Operations (February 20), Virginia Tech (February 24), University of California at Berkeley (February 27), Facebook (February 28), Midwest Manufacturing Business Conference (April 25), City University of Hong Kong (November 16), Polytechnic University of Hong Kong (November 17), Jinan University (November 20)
2018: Shenzhen University (January 2), JD.com (January 3), Huawei (January 9), Sunfeng Express (January 11), University of Illinois at Chicago (April 6), New York University (April 9), Columbia University (April 11), Hunan University (May 22), Hunan University (May 28), Central South University (June 6), City University of Hong Kong (June 22), Alibaba (Seattle, August 13), Alibaba Yunqi Conference (September 19), Zhejiang University of Finance and Economics (September 20), IMA Workshop on Data-Driven Supply Chain Management (October 4), Northeastern University of China (December 18)
2019: Hunan University (January 7), Zhejiang University (May 25), South China University of Technology (May 29), Zhongshan University (May 30), University of Science and Technology of China (June 14), Hunan University (June 27), Northeastern University of Finance and Economics (ISCOM, June 22), Production and Operations Management-China Conference (June 23), Case Western University (September 13), Xiangtan University (ICOTA, December 29)
2020: South China University of Technology (January 5), Zhongshan University (January 6), Chinese Academy of Sciences (January 8), Central South University (July 5), Nanjing University (July 14), Shanghai University of Finance and Economics (July 17), Northeastern University of China (August 7), University of British Columbia (October 9), Rutgers University (November 5)
2021: Hunan University (January 6), Iran International Industrial Engineering Conference (Keynote Speaker, February 3), New York University in Paris (February 11), University of Houston (February 12), Production and Operations Management Annual Conference (tutorial, May 3), Shanghai Jiaotong University (June 22),

Chinese University of Hong Kong (July 22), Shanghai University of Finance and Economics (August 2), "Post-Pandemic Response to Supply Chain Disruptions and Future Vision for the Logistics Industry" virtual workshop by the Logistics and Distribution Institute (LoDI) at the University of Louisville (Panelist, September 22), University of Texas at Austin (October 22), Duke University (December 8)
2022: Hunan University (January 6), Georgia Institute of Technology (January 31), Hunan University (April 8), Nanjing University (May 13), South China University of Technology (June 10), Central China University (June 24), Hefei University of Technology (July 17), University of Chicago E-Commerce workshop (August 25-26), Shanghai Jiaotong University (September 28), Zhejiang University (October 10), Jinan University (December 8), ISCOM Conference (December 11)
2023: Columbia University (March 28), New York University (March 29), McGill University (March 31), MIT (April 14), New York University Paris (June 2-3) Workshop, South China University of Technology (July 28), Jinan University (July 28), Chinese University of Hong Kong Shenzhen (July 31), Fengyi (July 31), Polytechnic University of Hong Kong (August 14), Chinese University of Hong Kong (August 14), University of Hong Kong Science and Technology (August 15), Georgia Washington University (September 29), the State University of Arizona Workshop (October 13), INFORMS Doctoral Student Colloquium (October 14)

Students

Yuhan Zhang, PhD, graduated 2010, accepted an offer from Morgan Stanley

Peng Hu, PhD, graduated 2011, accepted an assistant professor position from Huazhong University of Science and Technology

Limeng Pan, PhD, graduated 2014

Zhengyu Hu, PhD, graduated in May 2015, accepted an assistant professor position from National University of Singapore

Xiangyu Gao, PhD, graduated in June 2017, accepted an assistant professor position from Chinese University of Hong Kong

Shuanglong Wang, PhD, graduated in July 2019, accepted an offer from Citadel.

Menglong Li, PhD, graduated in May 2020, accepted a postdoctoral position at MIT and an assistant professor position from City University of Hong Kong

Juan Xu, PhD candidate (co-advise with Qiong Wang), graduated in July 2021, accepted an offer from Amazon.com

Reza Yousefi Maragheh, PhD, graduated in July 2021, accepted an offer from Walmart Labs

Ebrahim Arian, PhD, graduated in May 2022, accepted a position at Conversant

Yifan Hu (co-advised with Prof. Niao He), PhD, graduated in August 2022, accepted Postdoctoral position at ETH+EPLF

Tiancheng Zhao, PhD, graduated in August 2023, accepted an assistant professor position at St. Louis University

Zikun Ye, PhD, graduated in August 2023, accepted an assistant professor position at University of Washington

Xinyu Bai, PhD, graduated in May 2024, accepted an assistant professor position at Polytechnical University of Hong Kong

Minda Zhao, PhD student, expected to graduate in May 2027
Shuai Li, PhD student, expected to graduate in May 2027

Shahzad Bhatti, Master student, graduated in December 2011
Chengcheng Guo, Master student, graduated in May 2011
Hsin-Yi Lin, Master student, graduated in May 2011

Professional Service

Member of INFORMS, POMS, MOS

Track Chair for "Inventory Management" of 2015 POMS Annual Conference in Washington, DC 2015.

Sponsored Cluster Chair of INFORMS international conference in Beijing 2012

Clustering chair of ISMP 2009 on logistics and transportation

Co-Organizer of the OptimA conference at the University of Illinois at Urbana-Champaign (2008)

Invited session chair: INFORMS international conference in Hong Kong 2006; INFORMS Annual Conferences 2007, 2008, 2009, 2013, 2014, 2015; the annual conferences of Chinese Scholars Association of Management Science and Engineering (2012,2013, 2023)

Reviewer: National Science Foundation (2006, 2008, 2011, 2014, 2021), MSOM Student Paper Competition (2009-2017), INFORMS JFIG paper competition judge (2017), Hong Kong RGC (2010, 2012-2014, 2016-2021), Natural Sciences and Engineering Research Council of Canada (2018), National Science Foundation of China (2021), INFORMS Nicholason Student Paper Competition judge (2023-2024)

Associate editor: *Operations Research* (2012-), *Journal of Operations Research*

Society of China (2013-) , *Operations Research Letters* (2014-), *Mathematics of Operations Research* (2015-2018), *Production and Operations Management* (2015-), *Management Science* (2017-)

Department editor: *Naval Research Logistics* (2018-)

Reviewer: *Management Science*, *Mathematics of Operations Research, Operations Research, Mathematical Programming*, *SIAM Journal on Optimization, MSOM, POM, Transportation Science*, *Informs Journal on Computing, Operations Research Letters, Naval Research Logistics, Journal of Global Optimization*, *Journal of Optimization Theory and its Applications*, *Computational Optimization and Applications, Networks, IIE Transactions, European Journal on Operational Research, European Review of Agricultural Economics*, *International Journal of Production Economics*, *Asia Pacific Journal of Operations Research, Decision Support Systems*, *Pacific Journal of Optimization, Mathematical Methods of Operations Research, Journal of Applied Mathematics and Computing, Optimization Methods and Software, etc.*

Service at GaTech

Advisory committee: 2023-2024, Graduate Admission Committee: 2023-2024

Service at UIUC

Faculty Search Committee: 2005-2006, 2013-2016, 2017-2018 (Chair), 2021-2022
ISE GEBI Hiring Committee: 2015-2017 (Chair)
Advisory Committee: 2019-2021 (Chair)
Promotion & Tenure Committee: 2015-2019, 2019-2021 (Chair)
Faculty Awards Committee: 2015-2018 (Co-Chair)
Research Areas & Graduate Course Steering Committee: Operations Research, 2014-2018
Alleged Capricious Grading Committee: 2015-2017
Graduate Program Committee (2004-2005)
Seminar Committee (2005-2006)
Curriculum Committee: 2007-2012, 2017-2019
Space Committee (2007-2012, 2014-2015)
CoE Course review subcommittee for CEE408, 409 and 410, 2008
CoE Course review subcommittee for CEE412, 418, 524, 2014
CoE Course review subcommittee for ISE547, 2016
CoE Course review subcommittee for CS464, CS514, CS567 (Chair)
CoE Awards Committee: 2019-2021
PhD dissertation committee: Kang Li (2008), Alex Nikolaev (2008), Xiaopeng Li (UIUC CEE, 2010), Golshid Baharian (2014), Ketan Date (2016), Arash Khatib (2016), Zhaodong Wang (UIUC CEE, 2017), Siyang Xie (2018), Youngsoo Kim (UIUC School of Business, 2018), Will Ma (MIT, 2018), Wenda Zhang (UIUC ISE, 2020), Chongda Liu (UIUC Math,2021), Weihua Zhang (UBC, 2021), Siqi Zhang (UIUC ISE, 2022), Dawei Li (UIUC ISE, 2022), Nocera Fabrizio (UIUC CEE, 2022)
